1. INTRODUCTION

Training is an increasingly important part of professional development, towards which academic preparation and pursuit, forms a key element.

The Paid Study Leave scheme offered by the Ministry for Education, Sport, Youth, Research, and Innovation is a specific initiative for educators. It aims to provide study leave to contribute directly towards the improvement of their professional skills and knowledge through the pursuit of further studies in Education areas of specialisation at tertiary levels of education. Paid Study Leave is intended to enable educators to dedicate time for research and to assist them in the completion of course requirements within a specified timeframe.

The scheme offers two separate categories of paid study leave: Category A (*up to one scholastic year*) and Category B (*short-term*). The [Reference Form](#) is available for download through the link embedded in the eform application.

The referees should ideally include the officer's current Line Manager (Head of School) and the officer's current Second-level Supervisor (Head of College/ Director), or any previous or most recent Second-level Supervisor or Line Manager. - MQF level** of the programme of studies undertaken

Applicants shall note that the information provided on the official Unconditional Letter of Acceptance would be incorporated in the Form of Understanding and the deed of Hypothecation to be signed, at a later stage by successful candidates awarded the Paid Study Leave (Category A).

It is the duty of the applicant to ensure that the chosen University or Higher Education Institution is in a position to issue such an Unconditional Letter of Acceptance.

2.5 Endorsement

Applications for Paid Study Leave (Category A) shall be endorsed by the applicant's Line Manager and the Second Level Supervisor (*Head or higher authority of the respective School, College or Educational Institution as applicable*). Such endorsements are to be provided on the Reference Form.

In the case of the non-state sector, it is up to the management of the individual school or education entity to consider whether to consent to extend the opportunity of paid study leave to their employees among their teaching grades. It is to be borne in mind that educators who are awarded paid study leave will not be available for classroom duties during their absence from school. In this connection, it is to be pointed out that in endorsing applications of their staff they would be signifying their willingness to release, during the applicable scholastic year, an applicant, who after being successful in the evaluation, is made an offer for paid study leave by this Ministry.

Prospective applicants are advised to first discuss their plans with their supervisors to ensure that they correspond with the aims of the school and that their study commitments can be accommodated within operational requirements.

2.6 Evaluation of Applications

Applications for Paid Study Leave (Category A) of up to one (1) Scholastic Year shall be evaluated by a Paid Study Leave Scheme Board appointed by the Permanent Secretary of the Ministry responsible for Education.

2.7 Evaluation Process

The role of the Paid Study Leave Scheme Board is to evaluate applications and determine the eligibility and ranking order of candidates according to pre-established criteria (*see paragraph 2.8*).

Applicants may be called for an interview during which they may be required to make a presentation concerning their intended studies or research.

When interviews are held, it is the responsibility of applicants to make sure to be available for the interview on the date and time communicated to them. Applicants who do not turn up for the interview without proper prior notification will be considered as no longer interested.

An alternative date and time for an interview may be given by the Paid Study Leave Scheme Board at its discretion, depending on the circumstances which may have impeded the applicant to attend on the appointed interview date.

2.8 Evaluation Criteria

Eligible applications shall be evaluated by the Paid Study Leave Scheme Board to determine the ranking of applicants based on the following evaluation criteria:

Maximum Mark **400** (100%)
Pass Mark **200** (50%).

Criterion	Marks	(Weightings in %)
1. Relevance of Studies	160	(40%)
2. Recommendations	20	(5%)
3. Motivational Statement	100	(25%)
4. Track Record	80	(20%)
5. Service Record	40	(10%)

Eligible applicants are considered to have passed if they obtain a pass mark (*that is 50% of the overall allotted marks*).

N.B. Obtaining a pass mark **does not automatically guarantee** that Paid Study Leave (Category A) has been awarded.

The decision of the Board is final.

2.9 Ranking

The ranking order of all eligible applicants will be exhibited on the Notice Board at the One-Stop Shop of the Ministry for Education, Sport, Youth, Research, and Innovation. Candidates will be notified of the publication of the ranking. Depending on the allocated funds available for the particular year, candidates may be awarded Paid Study Leave (Category A) in accordance with their ranking. The allocated funds may vary from one year to the next.

The names of successful applicants will be published on the noticeboard of the Ministry for Education, Sport, Youth, Research, and Innovation. In applying for Paid Study Leave (Category A) under this scheme, the Applicant gives consent for such publication.

2.10 Provisional Offer

The top ranked applicants as established in the ranking would be issued with a provisional offer for Paid Study Leave (Category A) in relation to the available funds. Candidates who are notified in this manner would be required to confirm their acceptance of the offer in accordance with the provisions of the scheme. **Successful candidates** are to signify acceptance of the offer in writing **within five working days** of receipt of the provisional notice together with the Form of Undertaking, Rules governing the Award of Scholarship and the form for preparation of the General Hypothec duly signed and any other related document/s as required). Candidates of independent / Church schools are to attach a copy of their last salary statement.

Failure by the successful candidate to signify acceptance of the offer by the prescribed date, would imply that the Paid Study Leave (Category A) would be offered to others according to their respective ranking.

The applicable Undertaking Form and the Rules for the Award of Scholarships (*Annexes 5 or 6 and 7*) are to be countersigned as follows:

- (i) in the case of *Education Grades* in the Public Service) - by the representative of the Government of the Republic of Malta (normally the Director responsible for Finance within MEYR
- (ii) in the case of *Education Grades* in the Non-state sector - by a witness - the Head of School or Head of the respective educational institution may act as witness.

The above documentation is in accordance with the government standard procedures applicable for paid study leave.¹

2.11 Award Letter (Approval)

The final decision on the award of the Paid Study Leave (Category A) will be communicated in writing to the successful applicants through the official Award Letter. The Award Letter provides formal confirmation to successful applicants that the award of Paid Study Leave (Category A) is finally approved. The Award Letter would be issued only after the Undertaking Form, the Rules governing the award of Scholarship and the formalities concerning the General Hypothec would have been concluded with the office of the Chief Notary to Government.

Candidates are advised that the formalities at this stage of the process involve the signing of legally binding documents.

Provisional Offers and Award Letters to successful candidates are '*inter alia*' issued with the condition that the beneficiary of Paid Study Leave (*Category A*) shall not simultaneously accept a scholarship from another source.

No liability by the Ministry will be accepted for any travel arrangements made prior to the completion of the above award procedure.

Beneficiaries are advised that Deeds of Hypothecation would remain binding unless a formal cancellation procedure by the office of the Notary to Government is carried out. Such deeds are not cancelled automatically upon the expiry of the period of service obligation. In this regard, beneficiaries are to contact the desk-officer on expiry of their service obligation for further guidance. A cancellation of a Deed of Hypothecation may be drawn up only after it is ascertained that beneficiaries would have honoured all their contracted obligations.

The Institute for Education will, for this purpose, be notified of beneficiaries of Paid Study Leave (Category A).

If the officer has not yet completed the course at the end of the Paid Study Leave, the officer is to submit a report as per template at Annex 8, within one (1) month to the Paid Study Leave Scheme Board, keeping the Second Level Supervisor and the Line Manager in copy. The desired format for the report is outlined in the Guidelines for Report Writing at *page 39*.

The **closing date** of the call for applications is **13:00 (CET) of Thursday, 27th MARCH 2024**.

No Late applications are allowed.

3. GENERAL CONDITIONS AND GUIDELINES

3.1 Applicants benefiting from a Scholarship

Applicants holding an ongoing scholarship are **not eligible** for Paid Study Leave (Category A). In this regard, when submitting their application for Paid Study Leave:

- (i) Applicants must notify the official responsible for the Paid Study Leave Scheme of any ongoing scholarship awarded to them from other sources.
- (ii) Applicants are also required to inform the official responsible for the Paid Study Leave Scheme of any pending applications or offers of a scholarship.

Applicants holding an ongoing scholarship **shall not** have the option to pay back the scholarship in order to benefit from Paid Study Leave (Category A).

Furthermore, it is to be clarified that throughout the duration of the Paid Study Leave (Category A) beneficiaries must not benefit from another scholarship.

3.2 Priority Areas of Study and Research Areas (Category A)

The Ministry for Education, Sport, Youth, Research, and Innovation identified specific Priority Areas of Study and Research Areas that the Paid Study Leave Scheme considers because there is a need for training to develop skills and specialisation in sectors of critical importance to education.

During the evaluation of applications due consideration would be given to applications submitted in respect of courses of study directly related to any Priority Areas of Study and Research as listed under Annex 1.

The Paid Study Leave Scheme Board may from time to time receive further recommendations from the Ministry for Education, Sport, Youth, Research, and Innovation with regards to the list of Priority Areas of Study and Research according to important or emerging national needs in education. Priority Areas of Study and Research are considered in the selection criteria to be used by the Paid Study Leave Scheme Board.

3.3 Term of Paid Study Leave (Category A)

Awarded Paid Study Leave (Category A) shall be utilised during the scholastic year in respect of which the call for applications is made. Any unutilised paid study leave under this category will not accrue.

However, applicants who do not have classroom teaching duties and who are pursuing research studies leading to a Ph. D. may opt to spread the Paid Study Leave (Category A) over a four-year period provided the total amount of study leave requested does not exceed one (1) scholastic year in aggregate. In this case, the paid study leave must be taken in blocks not less than one month in duration. Such leave must be planned in advance with the Head of School to ensure that the applicant's study commitments can be accommodated within operational requirements. (*please refer to para 2.2*). The desk-officer is to be informed wherever changes arise.

Awarded Paid Study Leave (Category A) shall be tenable in respect of courses of studies at any local or international Higher Education Institution or University for a specific programme of study or research that are directly related to education as specified in the eligibility criteria.

Paid Study Leave (Category A) cannot be postponed or delayed.

The total duration of Paid Study Leave (Category A) shall not exceed the one scholastic year limit.

3.4 On expiry of Paid Study Leave

At the end of any Paid Study Leave beneficiaries are expected to resume duties. In this connection, an official confirmation is required from the relevant second level supervisor (*eg. Director / Asst Director/ Head of School*) that the officer has resumed his or her duties following paid study leave. This confirmation is to be sent to the Paid Study Leave desk-officer immediately the employee resumes duty.

Beneficiaries will need to provide documentary proof of enrolment at the University or Higher Education Institution and satisfactory progress.

In the case where the duration of the course of studies extends beyond the period of paid study leave, the beneficiaries are to provide supporting documentary evidence to show that they have fully honoured their study commitments during the period of paid study leave. Furthermore, they are to present a report on the studies undertaken during the period (*see section 2.12 for further details*).

3.5 On completion of the course of studies

Beneficiaries are to notify the relevant second level supervisor and the Paid Study Leave desk-officer of the date of successful completion of the course of studies relating to their paid study leave. They shall also state the date when they shall be resuming duties.

Furthermore, at the end of their studies, beneficiaries are to present documentary evidence from the University or Higher Education Institution of the successful completion of the course of studies. (*Official transcript or an original letter or certificate from the University bearing original certification or certification stamp is acceptable*).

Proof of successful completion of studies is to be forwarded to the officer responsible for Paid Study Leave by not later than two (2) months from the completion of the course for which the paid study leave would have been granted and availed.

Please refer to paragraph 2.12 for reporting requirements.

3.6 Extensions

Under no circumstance may Paid Study Leave (Category A) be extended further than the established one scholastic year limit.

The Ministry for Education, Sport, Youth, Research, and Innovation may consider, on a 'case by case' basis, requests for further leave for completion of studies beyond the expiry of Paid Study Leave (Category A), only from beneficiaries in the Public Service. Such requests would invariably need to be endorsed by the respective Director / Head responsible for the beneficiary, who shall be required to assess the potential impact of the beneficiary's continued absence on service delivery. Additional periods of leave will be considered as **unpaid leave**, subject to satisfactory progress having been made by the beneficiary in the course of studies.

Documentary evidence from the University or Higher Education Institution on the progress registered in the course of studies, must be produced.

Applicants are required to apply at least three (3) months in advance to allow management to plan for a substitute, if necessary.

Where additional leave is approved, beneficiaries would still be bound by the service obligation attached to the Paid Study Leave (Category A). In this regard, such beneficiaries are to serve their obligation with effect from the date when they report back to work to resume their regular duties.

3.7 Withdrawal

Applicants are advised that they may withdraw a submitted application by sending a written statement addressed to the Paid Study Leave Scheme Desk-Officer (*see details in para 3.12, below*). Special circumstances shall be considered on their own merits. Such requests are to be invariably supported by documented proof.

However, except for justified reasons beyond their control, beneficiaries shall not relinquish the Paid Study Leave (Category A) after having formally accepted the offer and after having entered into a legally binding formal act of hypothecation. The ensuing legal costs that may arise to reverse such legal formalities are transferable to the beneficiary.

Beneficiaries are advised that the applicable legal guarantees for honouring the obligations associated with the granting of Paid Study Leave (Category A) would still remain in force unless the applicable deed of hypothecation is formally rescinded. Beneficiaries would not be able to re-apply for Paid Study Leave (Category A) for the same purpose after relinquishing it.

Beneficiaries are to note that should they be constrained to relinquish Paid Study Leave (Category A) after having been granted the award, they may not retain, for that particular scholastic year, the right to keep their ‘posting’ in the same school in which they were initially posted at the time of submitting their application for Paid Study Leave (Category A).

3.8 Termination of Paid Study Leave prior to completion of studies.

Beneficiaries of Paid Study Leave (Category A) who for any reason discontinue their studies shall immediately inform the Desk Officer, Paid Study Leave Scheme in writing.

The MEYR shall within thirty (30) days of receipt of written notice terminate the Paid Study Leave if:

- the beneficiary’s progress is deemed unsatisfactory by the University or Higher Education Institution;
- the beneficiary discontinues the Studies; and/or
- the beneficiary is in breach of the conditions attached to the award of Paid Study Leave (Category A) and does not remedy the breach within thirty (30) days of receipt of written notice requiring him/her to do so.
- at any point after the grant of Paid Study Leave (Category A) the beneficiary accepts or retains another scholarship in breach of the conditions of the Paid Study Leave (Category A) scheme.

Beneficiaries who have their Paid Study Leave terminated in accordance with the above conditions will be required to resume duties and refund the entire amount of salaries received during the utilised Paid Study Leave (Category A).

Beneficiaries who cannot pursue their studies further due to unforeseen health situations or similar exceptional circumstances shall be treated in terms of paragraph 12 and 13 of the Rules governing the award of Scholarships.

In such situations, the beneficiary must provide justifiable explanation as to why the course was not completed or why the beneficiary failed to obtain the qualification.

Documented evidence, medical certificates and testimonials must accompany each claim.

The Ministry for Education, Sport, Youth, Research, and Innovation, in such circumstances reserves the right to demand a reimbursement of all or part of the salaries disbursed. However, the Ministry may not waive the entire amount of refund of salaries disbursed.

3.9 General Conditions

The scheme does not cover tuition fees and/or bench fees, nor does it give the beneficiary the right for any other payments or allowances.

Should any travel be required, it is the beneficiary's responsibility to make his/her own travel arrangements including any applicable Visa approvals once the above formalities have been endorsed.

Furthermore, beneficiaries are reminded not to proceed abroad unless covered by a travel insurance and where applicable the European Health Insurance Card.

Paid Study Leave may be awarded only in relation to the course of studies stipulated in the Application Form. **A beneficiary shall not complete a different course or pursue a higher qualification other than that for which paid study leave is awarded.**

Applicants are to ensure that all the information submitted in the application form is correct. Applicants who are found to have obtained an unfair advantage by withholding or giving false information shall be immediately disqualified and where Paid Study Leave (Category A or B) may have already been awarded, the beneficiary will be asked to reimburse the entire salary paid during the period of study leave utilized. The Ministry for Education, Sport, Youth, Research, and Innovation reserves the right to take any other action deemed appropriate in such circumstances.

The Ministry for Education, Sport, Youth, Research, and Innovation may make information concerning the award of Paid Study Leave available to public authorities for accountability purposes.

3.10 Choice of University or Higher Education Institution

Applicants are, expected to identify on the electronic Application Form, a recognised University or Higher Education Institution that they consider most appropriate for pursuing their academic studies or professional development relevant to their employment. All required details concerning the course of study are to be entered in Section B of the eform.

Prospective applicants for Paid Study Leave (Category A) are advised to take careful note of the eligibility criteria in identifying the course of study.

Applicants who intend to follow courses of study leading to qualifications obtained from foreign Universities or Higher Education Institutions are to ensure that the selected institution is listed on the website of the MQRIC as Approved Institutions (<http://www.ncfhe.org.mt>). However, they are to ensure that the course undertaken is listed as one of the regular courses of the University.

On the other hand, where the University or Higher Education Institution is not listed on the website of the (MQRIC) within the National Council for Further and Higher Education (NCFHE)², it shall be the responsibility of the applicant to request an evaluation report about comparability of qualifications issued by the Malta Qualifications Recognition Information Centre.

Annex 3 Guidelines - filling of eform application and submission of documents

The below application guidelines are intended to help applicants understand the electronic features of the online application Form and to reduce the chances of errors. Applications for Paid study leave can only be received in electronic format. Applicants are therefore **not allowed** to send their application in hard copy paper format.

Filling the eform

The correct filling in of the application form and supporting documentation are important for a prospective applicant to be considered. In this regard, this guide to filling the application form and uploading of documents is being facilitated through an eform, which is to serve to help applicants easily avoid common pitfalls such as the omission or incorrect entry of details in the form, discrepancies in the details provided or failing to fill in all the required details in all the required fields. The form will alert applicant if for example an email address is not inserted or of documents are not uploaded. The form will fail to submit wherever, errors are detected. However, it shall be the applicant's final responsibility to ensure that an application has been submitted complete with all the required supporting documents.

Prior to filling the online application Form, make sure you understand all the information available about it. Please carefully read the eligibility conditions and the application procedures described in this Manual. Go through the Manual carefully. You will find most of the answers to your questions. Please familiarise yourself with the list of required information and supporting documents required to apply, and their desired format. The supporting documents can be submitted in electronic format only. Please ensure that you prepare in advance the scanned copy of all the requested documents. Make sure that the size of the documents do not exceed the permissible size restriction the eform can support, which collectively **must be less than 15 MB**.

Make sure you set aside sufficient time to fill in the online application as this needs to be carried out in one single go. Once you have all the information and documents in hand, you can begin the application procedure. Please be very careful while filling up the details. Please ensure that you read the procedure manual to include the correct information requested of you. Avoid giving too few or too much detail than is required.

If you are working on a laptop please ensure that you are plugged in while working.

Access the online Electronic Application (eform) through the following link:
<https://education.gov.mt/wp-content/uploads/2023/05/REFERENCE-FORM.pdf>
and log-in using your eID.

The eform application has eight different sections.

All fields are mandatory. Ensure that you fill in all the required details appropriately in all the fields. If the form fails to submit it is indicative that you have an error or errors which you would need to correct before you may proceed.

It is important that you download the Reference Form first thing and send it to your referees. Details of the referees are to be keyed in Section F. The reference form is to be sent separately by the referees and must not be uploaded on the eform.

Fill in all required personal details as appropriate.

Sections B includes options which shows up solely when the number 8 is inserted in the MQF level field and is solely intended for Ph.D candidates.

The eform includes a feature for uploading of supporting documents. In order to do so please proceed to page 5 and download the list of requested documents which will serve as a checklist. Make sure you have collected all documentation and have them scanned in pdf format. Make sure that copies are not blurred or unreadable. Please avoid taking photos with your mobile phone camera unless you have a pdf scanner for mobile application. If the size of all the scanned documents is 10 MB or larger, please use a compression tool and save them in .zip format. Documents that are 15 MB or larger will not be supported by the system and you will not be able to submit your application successfully unless you reduce them in size.

Press the arrows to move between the sections. Make sure you do not miss out on important details you need to provide. The eform will prompt you if you miss filling in the required details. Once you are done with the mandatory details ensure you make a thorough proof-check of the details you keyed in the form. You may review the sections by moving back and forth between pages prior to submission. NB. The eform has an option to save your work for review later on. An email notification will be sent when this function is applied (*see fig 2*)

Make sure you read the declaration properly and tick the Agree button before proceeding with submission.

Follow any instructions on the eform carefully before finally submitting. **Press on the submit button only once and wait for a response which will come up within fifteen seconds depending on internet speed connection. (N.B. Pressing the submit button repeatedly will generate multiple applications.)** You will be alerted on successful submission or otherwise (see fig. 4). A computer-generated e-mail will also be sent as an acknowledgement of the application. Please retain this acknowledgement.

Applicants are advised to be double sure while clicking on the final submit as no change of information will be possible after final submission. **Please send only one application form.**

Applications cannot be submitted after the closing date (*see page 10*).

Keep an eye on the deadline

The application procedure provides ample time to prepare and submit your application. Most of the documents are in your possession already, others you would need to obtain before the deadline. To avoid last minute hurdles, it is suggested that you fill-in the on-line application as early as possible. Make sure you give yourself enough time to not miss the deadline. If you save your application for later review, it is advisable not to leave a long period of time between filling in the online application and the uploading of the documents for submission. Applications sent without all the required supported documents, would be considered incomplete.
